

King Of Anything

Sara Bareilles

C **Dm** **Am** **F**

C Keep drinking coffee, stare me **Dm** down across the table

Am While I look out **F**side

C So many things I'd say if **Dm** only I were able

But I **Am** just keep quiet and count the **F** cars that pass by

C You've got opinions man, **Dm** we're all entitled to 'em

Am But I never **F** asked, so let me **C** thank you for your time

And try **Dm** not to waste any more of mine **Am** get out of here **F** fast

I hate to **Dm** break it to you babe | but I'm not **F** drowning

There's **1/2Am** no one here to **1/2G** save

Am Who cares if you **F** disagree; you are **C** not me

Who made you **G** king of anything?

So **Am** you dare tell me **F** who to be

Who **C** died and made you **G** king of any **C**thing? **Dm** **Am** **F**

C You sound so innocent **Dm** all full of good intent

Am Swear you know **F** best, **C** but you expect me to

Dm Jump up on board with you

Am And ride off into your delusional sunset

C I'm not the one who's lost **Dm** with no direction, oh

Am But you'll never **F** see, you're so **C** busy making maps

With my **Dm** name on them in all caps

Am You got the talkin' down, **F** just not the listening

Am Who cares if you **F** disagree; you are **C** not me
Who made you **G** king of anything?
So **Am** you dare tell me **F** who to be
Who **C** died and made you **G↓** king of any **nc**thing?

All **G↓** my life I've **Dm↓** tried to make **Am↓** everybody happy while **F↓** I
Just **G↓** hurt and **Dm↓** hide
Waiting for **1/2Dm↓** someone to **1/2Em↓** tell me it's **1/2F↓** my turn **1/2G↓** to
decide

C Dm Am F

Am Who cares if you **F** disagree; you are **C** not me
Who made you **G** king of anything?
So **Am** you dare tell me **F** who to be
Who **C** died and made you **G** king of anything?

Am Who cares if you **F** disagree; you are **C** not me
Who made you **G** king of anything?
So **Am** you dare tell me **F** who to be
Who **C** died and made you **G↓** king of any **C**thing? **Dm Am F**

C Dm Am F G↓
