

You're In My Heart

Rod Stewart

D |

I **D** didn't know what **C#m7** day it was when you **Bm7** walked into the **A** room

I **D** said hello un**C#m7**noticed, you **Bm7** said goodbye too **A** soon

D Breezin' through the **C#m7** clientele, spinnin' **Bm7** yarns that were so **A** lyrical

D I really must con**C#m7**fess right here, that the **Bm7** attraction was purely **A** physical

D C#m7 Bm7 A

D I took all those **C#m7** habits of yours, which in the be**Bm7**ginning were hard to ac**A**cept

Your **D** fashion sense for **C#m7** Beardsley prints, I put **Bm7** down up to experi**A**ence

The **D** big bosomed lady with a **C#m7** Dutch accent, who tried to **Bm7** change my, point of **A** view

D Her ad-lib lines were **C#m7** well rehearsed, but my **Bm7** heart cried out for **D** you

You're in my **C** heart, you're in my **G** soul, you'll be my **C** breath should I grow **G** old

You are my **C** lover, you're my best **G** friend, you're in my **Am↓** soul **G↓**

My **D** love for you is im**C#m7**measurable, my re**Bm7**spect for you, im**A**mense

You're **D** ageless, timeless, **C#m7** lace and fineness, you're **Bm7** beauty
and elegance
You're a **D** rhapsody, a **C#m7** comedy, you're a **Bm7** symphony and a **A**
play
You're **D** every love song **C#m7** ever written, but honey **Bm7** what do you
see in **D** me?

You're in my **C** heart, you're in my **G** soul, you'll be my **C** breath should I grow
G old
You are my **C** lover, you're my best **G** friend, you're in my **Am↓** soul **G↓**

You're an **D** essay in glamour, please **C#m7** pardon the grammar, but you're
Bm7 every schoolboy's **A** dream
You're **D** Celtic United, but **C#m7** baby I've decided, you're the **Bm7** best
team I've ever **A** seen
D And there have been, **C#m7** many affairs, many **Bm7** times I've thought
to **A** leave
D But I bite my lip and **C#m7** turn around, 'cause you're the **Bm7** warmest
thing I've ever **D** found

You're in my **C** heart, you're in my **G** soul, you'll be my **C** breath should I grow
G old
You are my **C** lover, you're my best **G** friend, you're in my **Am** soul **G**
You're in my **C** heart, you're in my **G** soul, you'll be my **C** breath should I grow
G old
You are my **C** lover, you're my best **G** friend, you're in my **Am** soul **G**
You're in my **C** heart, you're in my **G** soul, you'll be my **C** breath should I grow
G old
You are my **C** lover, you're my best **G** friend, you're in my **Am** soul **G↓**
