

# Do You Know What I Mean

Lee Michaels

**C** | **F** |

Been **G** fourteen days since | I don't know when

**F** I just saw her with | my best friend

Do you know what I **C** mean? |

Do you know, know what I | mean? |

**G** I just saw her | yesterday

**F** I just saw her, | asked her to stay

Do you know what I **C** mean? |

Lord, do you know what I | mean? |

**G** Her and Bobby were | steppin' out

**F** Her and Bobby didn't | know I found out

Do you know what I **C** mean? |

Do you know, know what I | mean? |

**G** So I asked her if | she still cared

**F** She didn't hear me, | she just stared

Do you know what I **C** mean? |

Lord, do you know what I | mean? | And then she said,

**Am** Lee you haven't loved me in **F** nearly four years

**Am** You haven't noticed that I **F** held back my tears

**Am** And now you have but it's **F** really too late

**Am** Better find yourself another girl

**D** Better find another girl

**F** Better find a **G↓**nother place **nc**

**G** She just left me | yesterday

**F** She just left me, | had nothing to say

Do you know what I **C** mean? |

Oh, do you know what I | mean? |

**G** She's a dandy, | yes indeed

**F** She's a dandy but | now she's free

Do you know what I **C** mean? |

Lord, do you know what I | mean, yeah? |

Been **G** fourteen days since | I don't know when

**F** I just saw her with | my best friend

Do you know what I **C** mean? |

Lord, do you know what I | mean? |

**G** I just saw her | yesterday

**F** I just saw her, | learn how to stay

Do you know what I **C** mean? |

Lord, do you know what I | mean? |

Yeah, here comes it now

**D F C↓** Hoo, help me
