

Don't Let Us Get Sick

Warren Zevon

C | **F** **C** | **G** **Am** |

Chorus

Don't **C** let us get | sick
Don't **F** let us get **C** old
Don't | let us get **G** stupid, all **Am** right? |
Just **F** make us be **C** brave
And **G** make us play **Am** nice
And **F** let us be to **G** together to **C** night |

C | **F** **C** | **G** **Am** |

The **C** sky was on | fire
When I **F** walked to the **C** mill
To | take up the **G** slack in the **Am** line |
I **F** thought of my **C** friends
And the **G** troubles they've **Am** had
To **F** keep me from **G** thinking of **C** mine |

Repeat Chorus

C | **F** **C** | **G** **Am** |

The **C** moon has a | face
And it **F** smiles on the **C** lake
It | causes the **G** ripples in **Am** time |
I'm **F** lucky to **C** be here
With **G** someone I **Am** like
Who **F** maketh my **G** spirit to **C** shine |

Repeat Chorus

Don't **C** let us get | sick
Don't **F** let us get **C** old
Don't | let us get **G** stupid, all **Am** right? |
Just **F** make us be **C** brave
And **G** make us play **Am** nice
And **F** let us be to **G**gether to **C**night **C↓**
