

Time In A Bottle

Jim Croce

Intro

If **Am** I could save | time in a | bottle **D**
The **F** first thing that | I'd like to **E7** do |
Is to **Am** save every | day till e**F**ternity **Dm** passes a **Am** way
Just to **Dm** spend them with **E7** you |

If **Am** I could make | days last for | ever **D**
If **F** words could make | wishes come **E7** true |
I'd **Am** save every | day like a **F** treasure, and **Dm** then
A **Am** gain, I would **Dm** spend them with **E7** you |

But there **A** never seems to | be enough time
To **D** do the things **E7** you want to do
Once **D** you find them **A Bm7 E7**
I've **A** looked around e|nough to know
That **D** you're the one I **E7** want to go through **D** time with **A Bm7 E7**

If **Am** I had a | box just for | wishes **D**
And **F** dreams that had | never come **E7** true |
The **Am** box would be | empty ex**F**cept for the **Dm** memory
Of **Am** how, they were **Dm** answered by **E7** you |

But there **A** never seems to | be enough time
To **D** do the things **E7** you want to do
Once **D** you find them **A Bm7 E7**
I've **A** looked around e|nough to know
That **D** you're the one I **E7** want to go through **D** time with **A Bm7 E7**
