

# You Took The Words Right Out My Mouth

## Meatloaf

**A** **D** | **E7** x2

It was a **A** hot summer night and the **D** beach was burnin'  
 There was a **A** fog crawlin' over the **D** sand  
 When I **A** listen to your heart I hear the **D** whole world turnin'  
 I **G** see the shootin' stars fallin' **Bm** through your tremblin' **A** hands |

You were **A** lickin' your lips and your **D** lipstick shinin'  
 I was **A** dyin' just to ask for a **D** taste  
 We were **A** lyin' together in a **D** silver linin'  
 By the **G** light of the moon, you know there's **Bm** not another moment,  
 | Not another moment, | not another moment to **A** waste |

You **1/2 Bm** hold me so **1/2 A** close that my **1/2 G** knees grow **1/2 A** weak  
 But my **1/2 Bm** soul is **1/2 F#m** flyin' high a **A**bove the ground  
 I'm **1/2 Bm** tryin' to **1/2 A** speak but no **1/2 G** matter what I **1/2 A** do  
 I **1/2 F#m** just can't **1/2 A** seem to **E7** make any sound **E7↓ nc**

### Chorus "dudududu"

And then you **D** took the words right out of my **A** mouth  
 Oh, it **G** must have been while you were **A** kissin' me  
 You **D** took the words right out of my **A** mouth  
 And I **Bm↓** swear **G↓** it's **1/2 D** true  
 I was **F#m** just about to say I **D** love you (**1/2 F#m** love **1/2 E7** you)

## Repeat Chorus

Now my **A** body is shaking like a **D** wave on the water  
And I **A** guess that I'm beginnin' to **D** grin  
Oooh, we're **A** finally alone and we can **D** do what we want to  
The **G** night is young and ain't **Bm** no one gonna know where you,  
| No one gonna know where you, | no one's gonna know where you've **C** been |

You were **A** lickin' your lips and your **D** lipstick shinin'  
I was **A** dyin' just to ask for a **D** taste  
We were **A** lyin' together in a **D** silver linin'  
By the **G** light of the moon you know there's **Bm**↓ not a **G**↓nother **1/2D**  
moment to **A** waste |

## Repeat Chorus x2

And then you **D** took the words right out of my **A** mouth

You **D** took the words right out of my **A** mouth

You **D** took the words right out of my **A** mouth

You **D** took the words right out of my **A** mouth

You **D**↓ took the words right out of my **A**↓ mouth

You **D**↓ took the words right out of my **A**↓ mouth

You **nc** took the words right out of my **nc** mouth
