I'm lookin' for a **Am** summer vibe  
Got me **F** turnin' on the radi**C**  
I gotta **G** kick these blues  
**Am** Working all day, **F** tryin' to make pay  
**C** Wishin' those clouds a **G**way

I wanna feel the **Am** sunshine  
In the **F** sand take a walk in the **C** waves  
With nothin' **G** else to do  
**Am** Sippin' on suds, **F** workin' on a buzz  
**C** Keepin' my drink in the **G** shade  
Takin' my **F**↓ time

With **Am** you by my side, a **F** cadillac ride  
**C** Jammin' with the boys, by the **G** fire at night  
**Am** Summer vi-**F**-ibe, lookin' for a **C** summer vi-**G**-ibe

I **Am** paid my dues, got **F** nothin' to prove  
**C** Layin' on the dock, just **G** talkin' to you  
**Am** Summer vi-**F**-ibe, lookin' for a **C** summer vi-**G**-ibe **F**↓

Jones'n for a **Am** good time  
Hittin' **F** beaches all down the **C** coast, I find a **G** place to post

**Am** Gonna somehow, **F** find a luau, **C** dance all night a **G** way

*Slower tempo and strum...*

Drinking somethin' **Am** blue from a coconut

**F** Music all up in the **C** place

Under the **G** moonlight takin' my **F** time

With **Am** you by my side, a **F** cadillac ride

**C** Jammin' with the boys, by the **G** fire at night

**Am** Summer vi-**F**-ibe, lookin' for a **C** summer vi-**G**-ibe

I **Am** paid my dues, got **F** nothin' to prove

**C** Layin' on the dock, just **G** talkin' to you

**Am** Summer vi-**F**-ibe, lookin' for a **C** summer vi-**G**-ibe

And the **F** sun goes down **G**
