

You Could Be Happy

Snow Patrol

DAG | x2

You could be **D** happy and **A** I won't **G** know |
But you weren't happy the **D** day I **A** watched you **G** go |
And all the things that I **D** wish I **A** had not **G** said |
Are played in loops 'til it's **D** madness **A** in my **G** head |

Is it too late to re**Em**mind you **D** how we **G** were? |
But not our last days of **Em** silent, **D** screamin' **G** blur |

Most of what I re**Em**member **D** makes me **G** sure |
I should have stopped you from **D** walkin' **A** out the **G** door |

You could be **D** happy, I **A** hope you **G** are |
You made me happier **D** than I'd **A** been by **G** far |
Somehow everything **D** I own **A** smells of **G** you |
And for the tiniest **D** moment it's **A** all not **G** true |

Do the things that you **Em** always **D** wanted **G** to |
Without me there to hold **Em** you back, don't **D** think, just **G** do |
More than anything I **Em** want to **D** see you **G** go |
Take a glorious **D** bite out of **A** the whole **G** world |
